I don't really know, my love for this series grew gradually as I read on, but if you would like to know my favorite books, it would probably be Winter Turning, Escaping Peril, and Darkness of Dragons. The original arc was pretty good, too.

When I posted the answer for this I had only been reading Escaping Peril, when I finished book eight it was so fun to continue through the series from there, but my happiness towards Winter Turning still stands, I feel like Darkness Of Dragons was so, so, so, AWESOOOOOOOME!!!!!
Anywho I think I pretty much like DoD more than Lost Heir (Only by the tiniest bit) but the whole series was cool!

After my cousin begged me to read this series, I finally read the first series and liked it, so I continued the series and all of a sudden I find that I have a lot in common with Starflight, therefore, is my all time favorite character. But after reading the tenth book, I'm beginning to like Quibli more as a character, and for all you kinkajou, Moon, ect. lovers, I'm sorry but... QUIBLI IS THE MOST AWESOME CHARACTER IN THIS BOOK, I DO NOT CARE WHAT OTHER CHARACTERS THEIR ADDING FROM THE "LOST CONNTINENT" (even though I personally can't wait until I can read it :))

I just saw a box-set of the first five books in a book order in third grade and really loved dragons at the time, so I begged my parents to buy it, and my mom did. I started reading The Dragonet Prophecy, and immediately fell in love. So, the first one.
